

TO ALL CITROEN DEALERS

Gentlemen:

The factory has informed us that the new 12 volt equipment will be installed shortly in our cars.

At the present, the situation is as follows;

The rectification will take place in 2 successive steps.

1. From June 15th to September 15th, Lucas Equipment (English) for 500 cars

The parts composing this special equipment are divided into 2 classes and the application will be made according to the 2 lists enclosed.

List A

Lucas parts of English make and common use. These parts are available from the Lucas Agent, Joseph Lucas Canadian Ltd.
11-25 Davis Avenue
Toronto 8, Ontario.

or

Jim Fergusson Motors
3020 Yonge Street
Toronto 12, Ontario

List B

Special 12 volt parts of French make:

2. From September 15th French equipment.

List C

Divided into 2 classes.

C-1: Parts particular to French equipment

C-2: Parts common to Lucas and French equipment
(These parts are already appearing on List B)

Till September 15th, this list may be altered. We will keep you up-to-date in connection with changes and alterations.

Thanking you we remain

Yours truly,

"JIM" FERGUSSON MOTORS

F.J. Breitwieser
Citroen Division
